

Dear all

Here is our home learning for the week. Due to some of the children returning back to school we have changed how we are planning for the children both in the classroom and those who are still learning from home. We hope that you enjoy this learning together. Make this time at home enjoyable and treasure the time you are together having fun! Remember please share any learning that you do with us on Tapestry.

Foundation Learning- Growing

Monday- Polite Manners

In today's lesson, we are going to be thinking about polite table manners and what constitutes a healthy meal. The key areas that this lesson links to are personal, social and emotional development, physical development and expressive arts and design.

Watch this video - <https://classroom.thenational.academy/lessons/polite-manners-1/activities/1>

Challenge: Can you write a menu for the day to show what you would eat for breakfast, lunch, dinner and snacks through the day?

Tuesday- Growing

In this lesson, we introduce our topic of the week, which is growing. We learn how plants grow through hearing the story 'Jasper's Beanstalk'. We then move on to think about how we have grown as humans. This lesson links to understanding the world, shape, space and measure, and self-confidence and self-awareness.

Watch this video- <https://classroom.thenational.academy/lessons/growing/activities/1>

Challenge: Can you write a list of things you need to grow a real beanstalk and instructions on how to plant a seed?

Wednesday- Food Mosaics

In today's lesson, we will use dry food items or outdoor items to create mosaic art. I wonder what food you will choose to use? Can you find dry food that is lots of different colours? The three key areas that this lesson links to are expressive arts and design, physical development and mathematics.

Watch this video- <https://classroom.thenational.academy/lessons/food-mosaics/activities/1>

Thursday- Construct a beanstalk

In today's lesson we will combine different media in order to create a representation of a beanstalk. The three key areas of development that this lesson links to are expressive arts and design, physical development and understanding the world.

Watch this video- <https://classroom.thenational.academy/lessons/construct-a-beanstalk>

Friday- Food Art

In today's lesson, we are going to use fruit and vegetables to create food printing art. I chose to make a caterpillar, some chicks and some monsters. What will you make with your printing? What colours will you choose to use? The three key areas that this lesson links to are expressive arts and design, understanding the world and physical development.

Watch this video- <https://classroom.thenational.academy/lessons/food-art/activities/1>

Challenge: Can you retell a story *The Very Hungry Caterpillar Story* by printing what he eats each day? Can you write sentences underneath the pictures you create?

Maths – Measures

Monday – Estimate lengths of objects

In this lesson you will measure using non-standard units. Did you know you can measure the length of something using your hands or feet or even toy cars? You can find out more on the nrich website.

Watch this video: <https://classroom.thenational.academy/lessons/estimate-lengths-of-objects-0a31b3/activities/1>

Challenge: Can you talk about which objects are the longest and which are the shortest?

Tuesday – Compare weights of objects

In this lesson you will compare the weight of objects on Zara's balance scales. You can find out how to make your own balance scales in the slides following the video.

Watch this video - <https://classroom.thenational.academy/lessons/compare-weights-of-objects>

Challenge: Can you talk about which objects weigh the most and which weigh the least?

Wednesday – Measure Objects

In this lesson we will revise the measuring activities that we have completed this week.

Watch this video: <https://classroom.thenational.academy/lessons/measure-objects/activities/1>

English Reading and Writing -

Thursday- Jack and the Beanstalk

In this lesson, we will listen to the story Jack and the Beanstalk. We will design our own beanstalk and think about what it looks like. Maybe after the lesson, you can make a giant beanstalk in your home by painting or junk modelling.

Watch this video - <https://classroom.thenational.academy/lessons/jack-and-the-beanstalk/activities/1>

Challenge: Label the beanstalk to show its features.

Friday – Jack and The Beanstalk: Story Writing

In this lesson, we will watch the story and then retell it by ordering pictures and then writing a sentence underneath.

Watch this video: <https://www.youtube.com/watch?v=VCpAYajmvo>

Challenge: Draw your own images to retell the story and write sentences under each picture.
